Office of the :

Superintending Engineer

+ 500 kV HVDC RS (O&M) Circle,

Padghe, Tal. Bhiwandi, Dist. Thane-421101

Ref : SE/HVDC/RS(O&M)/Padghe/ID-6/ 8326

Date : 28.12.2007

To whom it may concern

We have used Signet-ETP battery additive in our HVDC station battery banks & 400 KV sub station battery banks and have experienced following improvement in our battery banks.

- Specific Gravity of cells which was not at required level have improved.
- Voltage holding capacity improved.
- Impedance test conducted before & after the application of additive indicated very positive effect.

The banks are performing well & we are happy with the services of Signet Components Pvt. Ltd; Mumbai, who undertaken the work of activation of batteries.
